

Extreme World Makeover - Setting the scene (transcript)

Transcript of the first 12 and a half minutes of the Extreme Makeover sermon or, as it is marketed, a course, given by Johnny Enlow

Let me just thank you for who you are. We exult your name we invite you in even to this meeting. I invite you in, ask you to even show us are of who you are, aspects of who you are, of your heart, you heart for us. Thank you that you have great hopes in you heart that you desire to share with us even tonight.

And just thank you for the presence of the holy spirit that is among us. Invite you to increase, invite you to great things and just ask that the seed that would be sown during this meeting, even lord, would reap a tremendous harvest , would reap a harvest of many nations that your sons and daughters would awaken to the season that they were in, that they would carry your presence and glory as never before to every sector of society. We thank you lord in Jesus name. Amen

Alright. I want to talk to you tonight about the coming extreme world make over. You know, there is, this is a popular theme now. The world seems to be, ah, the appetite is stirred for extreme change and make over. We have multiple TV programmes and shows and anywhere from how to lose weight remarkably well, how to have your face reconditioned and look better in moment and how your destroyed home can look great or be replaced in short order and, really, there is an aspect of god that is in all this.

He's really giving us an appetite, preparing us for extreme change, extreme world make over that will becoming upon us, that is coming upon us that is really, that is particularly as we experience this few months of this year its not hard to see, nor hard to understand that we are living in very unusual times - just even as we experience just the various things of the first six months of this year.

Whether its the uprisings in the Middle East, Arabic Muslim nations where there more change taking place in that region than in the last sixty, seventy years. And its hard to even quantify the nature of that change and how it could end up being change that hasn't taken place in centuries and even millennia in that region and the direction its going.

And we've had a series of floods and snows and winds in different parts in our nation, in parts of the world, that are unusually qualified and classified. They are no longer just saying this hasn't occurred in ten years or twenty years. We haven't seen this in this is a one a and thousand years flooding, this is a once in 500 year, this is something that happens once in a hundred years. It gives us an understanding we are in times of extreme change. An extreme world makeover has already begun.

And we understand even in our nation recently we've had, you know, tornadoes that haven't occurred in 90 years and there's been storms in the South east that haven't

occurred in a similar time period or ever just depending on whose rating and what way they're classifying it.

So, these things are not for us to be frightened about. they are part of a manifestation of the times and season in we live. And the lord began to speak with me before this year. In fact, last year I think I received three specific words from the lord out of Habakkuk 1:5 and Habakkuk 1:5 says,

"BE UTTERLY ASTOUNDED!"

Hab. 1:5 - Look among the nations and watch- Be utterly astounded! For I will do a work in your days which you would not believe, though it were told you.

Now this is a scripture that comes from the bible, but it came to me in a very personal way. It came to me in a personal way. It came to me in a personal way when I was having an experience, an encounter with the lord then I received it via prophetic word from two prophetic vessels two separate times besides that.

The lord spoke to me and said to me Johnny you have a lot of faith, a lot of expectation for what I'm going to do among the nations and you're sharing a lot even in your vision perspective of the seven mountains and how I'm going to invade every sector of society and I'm going to be the god of all the world, of all life.

I'm the god big enough to confront every challenge in every sector of society, but I'm telling you son, he says, in your day I'm going to do a work that you would not believe were I to tell you. You are going to be astounded. Look among the nations and watch. Be utterly astounded for I will do a work in your days which you would not believe though it were told you. Just that verse Habakkuk 1:5. The word for astonished or astounded is the Hebrew word tamah [?] and it means, there's different ways this could be said, if we read it from another version of the bible - Look among the nations and watch, brace yourself for shock, something's about to take place among the nations and you're going to find it impossible to believe.

And I want first of all just our hearts and spirits to be prepared for this because what we are about to experience, what already has begun among us, upon us and through us are the change of nations such as have never existed before. And this is a good word. The

context of this scripture is intended to stand alone also, but even the context the prophet Habakkuk is complaining the righteousness is not manifesting among the nations.

The lord's letting him know that there is going to be a massive manifestation of his power and presence even then, but there's something for today, this is now an alive today word for us and its entirely connect to this seven mountains message where god is speaking to us that he is going to rise upon us, his sons and daughters and invade every sector of society.

I want to say right up front though I don't have it in my notes that this work among the nations, this sounding work among the nations, will be connected and through and with how nations respond to Israel. This is not the focus of this message, but its impossible to give this message without telling that.

Israel will be anvil upon which the destiny of the nations will be formed. Its happening even now. Nations will learn to fear the lord, they will learn to honour the lord based on even their interaction, in a proper way, with Israel. So this amazing astonishing work that god is going to among the nations, upon the nations and through the nations will be connected greatly with things that are taking place in Israel, around Israel and the nations as they respond to Israel.

As these changes come upon us we want to be prepared in our spirit that there are no guarantees of natural peace. That is a time of intensity whether we look at is as extreme birth pains coming upon the face of the earth and extreme birth pains are just painful and the closer the time comes for a greater thing to be birthed then there are dimensions of the kingdom, greater dimensions than ever are being birthed at this time the greater those pains will be, but although there no guarantees of natural peace there are absolute guarantees of spiritual peace.

We are to be children of peace. He is the prince of peace, he is our prince, he is in us. And if we understand that every storm. every trial, every earth quake, every tsunami, every challenge that comes upon the face of this nation, of any nation, will carry in it, this is the direction the lord gave me. He said, every tsunami, every spiritual .tsunami, every natural tsunami will carry a door in it and it will be a door for greater dimensions of the kingdom of god.

If you can miss it as the people of god, if you are frightened by what's taking place, if you don't understand what I'm doing, if you are people who are not operating as sons of Issachar [men who understood the times] you'll miss out on opportunities [there's going to be more opportunities than ever.

Lets go to Isaiah 40:15

NATIONS ARE A DROP IN THE BUCKET

Is. 40:15 - Surely the nations are a drop in a bucket: they are regarded as dust on the scales; He weighs the islands as though they are fine dust.

This is not telling us how the lord considers nations. Its not that he despises nations. This is as it compares to his omnipotence. He's saying the nations their existence, their resistance, their existence, anything about them is a very small thing for me. They are a drop in the bucket. I am going to do a work with them, on them, through them using you my you my sons and daughters such as never been seen before.

Part of the central purpose of this message is to get reconnected with the omnipotence and power and sovereignty of our god. Our god is huge. He's mighty, he's powerful, the hosts of heaven that are available and that are being activated in this time and season are huge.

So I have are hard time fearing when I hear about the challenges coming and about people who see principalities are scared a lot because they see these things. The lord has allowed me to see the nature of our army. Of our archangels that are being activated and released and the armies that are coming. Each of the seven mountains has an archangel associated with it and attached to it. And each one is coming with tens of millions of angels specifically for this time and season. And they are huge, they are impressive and they are mighty.

God could take care of this whole thing himself, but he's got a very impressive army also.

Isaiah 40:4

THE CROOKED PLACES WILL BE MADE STRAIGHT

Is. 40:4 - Every valley shall be exalted and every mountain and hill brought low; The crooked places shall be made straight and the rough places smooth.

Again, its giving dimensions of how this extreme, this coming extreme world makeover. Every valley exalted, every mountain and hill brought low. Everything will change. What is up will be down, what is down will be up. This is really speaking of a work of justice. Justice literally means making crooked paths straight.

We will see a manifestation of the justice of god as never before and, again, he's going to do this all in conjunction with his sons and daughters. Some of this is not a surprise for many people, but many people have put off all these things until the millennium. When Jesus comes, we're gone - he all of a sudden does all the things.

The scripture is very, very, very clear. We'll just look at some of the scriptures. The great thing he is going to do he's going to do through his sons, through his daughters. He could have done it on his own any time, any moment. He has enough power. What is he waiting for, for him to just flex his muscle and feel like it?

No the whole deal is, again, he has told satan I am going to do this great thing with my sons and daughters. They are going to awake, they are going to arise and they will begin to shine. And they will operate in my light in my authority and my power and they will change everything. I will not have to exert my own direct muscle. They will carry my muscle. They will crush you
